Welcome

I'm delighted that you have chosen to find out more about studying at Coventry University. In this guide you will see why our forward-thinking approach, modern facilities and focus on practical learning have resulted in Coventry being the **UK's top new University** and **Ranked No.12 UK University**.

Quality teaching, a focus on employability, strong links with industry and an innovative approach to learning are just a few of the ways we place students at the heart of everything we do, making your investment worthwhile. Our curriculum is also reinforced with modules that are specifically tailored to enhance your career prospects.

As a truly global university, we currently have more than 12,000 international students from 150 countries studying with us in the UK. Over the following pages, we will show you what sets Coventry apart and why thousands of students from around the world choose this award-winning university every year.

I look forward to welcoming you to Coventry University soon.

Professor John Latham
Vice-Chancellor and CEO, Coventry University
Extraordinary Professor at Stellenbosch University

Reasons to study with us

Career support

We focus on increasing the employability of our students and have a range of industry-leading initiatives which can help to prepare you for graduate employment. The majority of our courses also offer the opportunity to apply for work experience.

High-quality learning

We care about the quality of our teaching. We invest in academic staff posts so that our staff to student ratio is consistently high and we maximise the contact hours that students get with teaching staff. You will experience teaching that is designed to be dynamic, interactive and stimulating, to bring your subject to life.

State-of-the-art facilities

We continually strive to innovate and our £150m investment in our campus and facilities shows our ambition. This includes a £55m home for the faculty of Engineering, Environment and Computing, our award winning £32m The**Hub** and our brand-new £60m Science and Health Building, due to open to students in September 2017.

Global opportunities

Employers tell us that they are more likely to hire graduates who have had an international experience and bring a global perspective to their work. Our Centre for Global Engagement offers you the opportunity to study or work abroad, gaining international experience and the skills to become globally employable.

Entrepreneurial support

Employers value enterprising graduates who can innovate, work creatively and implement new ideas successfully. Enterprise is embedded into our teaching and our people.

We have an award-winning Technology Park which focuses on the development of innovation-led, high-growth, knowledge-based businesses.

Our city-centre campus

Our modern, single-site campus is located in the middle of Coventry city centre so everything you need is within easy walking distance. Most first-year student accommodation is located either on or very close to campus so you won't have to travel far to make the most of everything the University and the city has to offer.

Our teaching and learning buildings are close to other campus facilities such as the library, sports centre and our students' building, **TheHub**, as well as a diverse range of high street shops, cafés, bars and restaurants.

Around University Square you will find Coventry's famous old cathedral ruins, the new cathedral, the award-winning Herbert Art Gallery & Museum, and examples of Georgian architecture.

city for young adults**

Legal and General
Report 2013

A nighttime photograph of the Coventry city skyline, showing illuminated buildings and streets under a dark blue sky. The city lights create a warm, golden glow against the cool tones of the twilight.

Living in Coventry

Coventry is a welcoming, friendly city with a proud history and heritage. It was ranked the fifth best student city in the UK, and Top 40 in the world, in the QS Best Student Cities 2017 index. The ranking is based on a range of key indicators including student mix and affordability.

Shopping and entertainment

Coventry has a range of shopping options, including one of the largest Primark stores in the UK and an IKEA. Birmingham's Bullring shopping area and Grand Central complex are only 20 minutes by train from Coventry station. Or you might prefer Resorts World, just 10 minutes by train, which has more than 40 big-brand outlet stores.

Coventry has a number of music venues covering a range of genres. The Ricoh Arena is the place to see stadium shows from big-name artists such as Coldplay, Rihanna and Take That. If you're interested in theatre or comedy, the Belgrade Theatre, in the city centre, and the Albany Theatre on Butts Road, are popular venues. If you prefer film, Coventry has multiscreen cinema complexes, and the student cinema at TheHub shows both international work and blockbuster movies.

Culture and attractions

Coventry's most famous visitor attraction is its cathedral. Nearby, the Herbert Art Gallery & Museum has a wide-ranging permanent collection, and Coventry Transport Museum celebrates the city's motoring heritage. If you prefer the outdoors, the War Memorial Park has open space and sports facilities and Coombe Country Park has 500 acres of parkland to explore including a number of wildlife trails.

Cost of living

Coventry is one of the cheapest cities in the UK in terms of the cost of living. Depending on your circumstances, you will need approximately £850-900* per month for your living costs. Many events taking place in the city, such as music concerts and cultural festivals, are free to attend and you will find lots of cafés and restaurants serving affordable world cuisine, including Asian, African and European as well as traditional British dishes.

**This range is provided for guidance only. UK Visas and Immigration has set £1,015 per month for the cost of living outside London.*

The Lanchester Library

The University library caters for every learning style across a range of environments. There are workspaces for silent and individual study as well as quiet and group areas and bookable rooms. There is also a reading room reserved for postgraduate students. The Disruptive Media Learning Lab provides learning environments designed to inspire our students to think differently.

The library has 500 computer workstations, a laptop loan scheme and wireless networking throughout the building. It provides access to over 350,000 print books, 130,000 e-books, 86,000 electronic journals and many other multimedia resources.

The library is open 24 hours a day to provide flexibility and convenience for our students. You can access all of the library's electronic resources from your own laptop on campus, and most can be accessed from any location with an Internet connection.

TheHub

The focal point of non-academic life is our students' building - **TheHub**. This purpose-built space is where students meet for lunch, a quick coffee in Costa, or to log on to one of the many open access computers.

It's also home to Coventry University Students' Union (CUSU), which supports more than 130 student societies, and Square One, with our student bar, a performing arts space and a 3D cinema.

The Spirituality and Faith Centre has quiet spaces for reflection and meditation, a chapel and prayer rooms.

This is also where you'll find our main Information Point on campus, where staff will be able to help you with any queries you may have during your time at university. You can also use the Information Point to access the support services that are available to you, such as our Health and Well-being Team or the International Student Support Team.

Sports and fitness

The University prides itself on its excellent provision for sports and fitness which includes a wide range of facilities and services.

The Sport and Recreation Centre is located centrally on campus. It contains a modern fitness suite and indoor sports halls suitable for basketball, five-a-side football, badminton, netball and other sports. You can also take advantage of gym and fitness classes to suit all levels of fitness and experience, from low-intensity yoga to high-energy Spinning, Body Pump and Insanity classes.

Outdoor sports facilities, including several full-sized football, rugby and hockey pitches and an AstroTurf facility, are just a short bus journey away from the campus.

The university campus has everything required
– sporting facilities, shops and cafés, various
student support services, and halls of residence
– all within walking distance.

Aleksejs Kovtjuhs
BA (Hons) Sport Management, Latvia

Faculties and schools

As a Coventry University student, you'll belong to one of four academic faculties, each with a number of subject-specific schools:

- **Faculty of Arts and Humanities**
- **Faculty of Business and Law**
- **Faculty of Engineering, Environment and Computing**
- **Faculty of Health and Life Sciences**

Each faculty offers a wide range of undergraduate, postgraduate and research courses. You can find a guide to the subjects offered on the following pages.

Each faculty has its own Employability Unit with specialist staff who can offer careers advice and guidance. Each Employability Unit has links with relevant business and industry partners, which will be of particular benefit if you are interested in undertaking a work placement during your time at university.

Coventry University was the only university to offer such a variety of subjects in just one course.

Lebia Barineme Fakae,
MA Diplomacy, Law and Global Change, Nigeria

Faculty of Arts and Humanities

As one of the oldest parts of the University, the Faculty of Arts and Humanities has been educating artists, designers and creative thinkers since 1843. Students have access to state-of-the-art facilities such as the largest automotive clay studio in the UK, a dedicated language centre with a truly international focus and The Tank, a specialist multimedia production studio.

The Faculty is made up of three Schools:

- **School of Art and Design**
- **School of Humanities**
- **School of Media and Performing Arts**

The faculty prides itself on being industry-facing and this is reflected in the access it provides to work placements, live projects and staff with experience in the cultural and creative industries.

Faculty of Business and Law

The Faculty of Business and Law provides a dynamic educational experience for students interested in business, economics, finance, marketing, management and law.

It has excellent links with major national and international organisations and close partnerships with universities around the world.

The Faculty of Business and Law is made up of two core Schools:

- **Coventry Business School**

Coventry Business School offers a suite of business, finance and management courses. In addition to broad-based degrees, it offers courses in specialist areas such as tourism and event management.

- **Coventry Law School**

Coventry Law School offers qualifying law degrees in both general and specialist areas of law as well as a range of taught LLM courses which attract students from all over the world.

Specialist facilities include a Trading Floor with 42 Bloomberg terminals where business students can gain experience using industry-standard tools such as Reuters Datastream and a mock court room where law students can practise their legal skills in a realistic environment.

Faculty of Engineering, Environment and Computing

Situated in the birthplace of the British motor industry, the faculty is nationally and internationally recognised for its first-class education and research opportunities.

Working with some of the biggest names in industry, such as Jaguar Land Rover and GE Aviation, our teaching staff use their expertise to educate our students through activity-led learning.

The Faculty is made up of three Schools:

- **School of Computing, Electronics and Maths**
- **School of Energy, Construction and Environment**
- **School of Mechanical, Aerospace and Automotive Engineering**

Our £55m teaching and research building is equipped with industry-standard equipment and software. Students have access to facilities including flight simulation systems, including one in the cockpit of a Harrier jet, a wind tunnel designed by the Mercedes AMG Petronas Formula One team, and one of the most powerful magnets in the UK.

Faculty of Health and Life Sciences

The Faculty of Health and Life Sciences offers a wide range of forward-thinking health and social sciences courses.

Teaching, learning and assessment is focused on the practical application of skills and knowledge. Students learn from industry-experienced practitioners and benefit from professional-standard teaching facilities on campus.

This includes our new state-of-the-art Science and Health Building, which is scheduled to open to students in September 2017 with extensive professional laboratory facilities, community healthcare simulation settings for hands-on learning, a mock operating theatre, hospital ward, ambulance, a strength and conditioning room, a running track and a sports therapy clinic.

The Faculty is made up of three Schools:

- **School of Life Sciences**
- **School of Nursing, Midwifery and Health**
- **School of Psychological, Social and Behavioural Sciences**

Our courses

We understand that you are making a significant investment in your future and we're committed to providing you with a substantial return on that investment – both during your time at Coventry University, and when you graduate.

Our courses are designed to be lively, relevant and focused on employment. Many of them are externally accredited, underlining their relevance and quality, and helping our graduates to progress in their careers.

Our students also benefit from our investment in state-of-the-art teaching facilities and virtual learning environments. Students can practise their skills in realistic work environments, preparing them for the future.

We offer a wide range of foundation, undergraduate, top-up and postgraduate courses as well as Pre-sessional English.

To see a full list of our undergraduate and postgraduate courses, please visit **www.coventry.ac.uk/international**.

Courses at Coventry University London have intakes in January, April and October.

Courses at Coventry University have intakes in January, May and September.

ONCAMPUS Coventry

If you don't currently meet the entry requirements for your preferred degree course at Coventry University, ONCAMPUS Coventry offers foundation programmes that will prepare you for progression onto your chosen course.

All our programmes include English language teaching, and we have different course options to meet your subject needs. Our courses are listed below, and have several intakes throughout the year. Please visit our website for more information:

www.coventry.ac.uk/oncampus.

- **International Foundation Programme**
- **Intensive International Foundation Programme**
- **International Year One Programme**
6 month intensive option available.
Visit our website for more information.
- **Master's Qualifying Programme**

To find out more and apply, visit **www.coventry.ac.uk/oncampus**.

Coventry is a great place to learn
and develop as a professional.

Abigail Chen,
FdSc Paramedic Science, Singapore

Pre-sessional English courses

If your existing level of English or IELTS score is below the required standard for your chosen degree, we offer a range of Pre-sessional English courses that will help you to meet the required standard. Courses focus on the four skills in which you will need to demonstrate proficiency: reading, writing, speaking and listening.

You can use the table below to work out which course is right for you. The length of the course you will need will depend on your current level of English proficiency and the entry level you need to reach for your intended degree.

For entry to undergraduate study, you will need an overall IELTS score of 6.0, with a minimum of 5.5 in each skill.

For entry to postgraduate study, you will need an overall IELTS score of 6.5, with a minimum of 5.5 in each skill.

For more information, please visit

www.coventry.ac.uk/englishlanguagesupport.

| Your current level | Minimum component level | IELTS score required | Length of Pre-sessional English course |
|--------------------|-------------------------|--|--|
| 4.0 | 4.0 | 6.0 Undergraduate courses | 30 weeks |
| 4.5 | 4.5 | | 15 weeks |
| 5.0 | 4.5 | | 10 weeks |
| 5.5 | 5.0 | | 5 weeks |
| 4.5 | 4.0 | 6.5 Undergraduate top-up and postgraduate courses | 30 weeks |
| 5.0 | 4.5 | | 15 weeks |
| 5.5 | 5.0 | | 10 weeks |
| 6.0 | 5.0 | | 5 weeks |

Connect with us

You can find us on lots of social media including Facebook, Twitter, YouTube, Snapchat, Instagram, WeChat and Weibo.

You can also access a variety of lectures and other content through podcasts on our iTunes U platform.

Alternatively, visit our events calendar at **www.coventry.ac.uk/international/events/** to find out when we will be visiting your region.

We run regular overseas offer events, admissions workshops, pre-departure meetings and recruitment fairs.

Come along to meet our representatives to discuss the admissions process, meet our lecturers, or speak to some of our previous students about their experiences.

Investing in your future

In the increasingly global context of trade and recruitment, graduates with an international profile are favourably positioned to secure the best employment opportunities.

At Coventry, we do everything we can to help you stand out from other graduates and prepare you for a successful career. Our courses are designed to give you the knowledge, skills and expertise that employers, industry and the professions have told us they are looking for in graduates.

Employers are keen to see work experience on your CV and we encourage all students to undertake a work placement or internship. This could be as part of your course, through a sandwich year, or during your summer vacation.

We invest heavily in supporting employability activities and our careers team will be available to help you throughout your time at Coventry. The 2014/15 Destinations of Leavers from Higher Education survey, published in July 2016, showed how successful this investment has been - an impressive 95% of our graduates had gained employment or continued into further study six months after graduation.

Studying here gave me the opportunity to do an industrial placement year. This helped me gain time management, leadership, communication and problem solving skills.

Gustavo Espinoza-Ramos,
BSc (Hons) Business Information Technology, Peru

Add+vantage scheme

We have developed a range of career-focused 'Add+vantage' modules, which help our students to develop the practical skills and capabilities employers are looking for and to make the transition from study to work.

Most of our undergraduate courses incorporate one Add+vantage option per year of study. Students can tailor their choices to suit their career interests and aspirations.

Possible options include learning a foreign language or studying how to do business in different parts of the world. There are also professional development modules that will help you develop your leadership skills or gain professional accreditation.

Please visit **www.coventry.ac.uk/addvantage** for more information.

Global opportunities

The University's Centre for Global Engagement (CGE) helps students gain international experience.

You can choose to study or work abroad, take part in international field trips or global research. Previous educational projects have taken students to countries such as Brazil, Australia, China and the USA. Students can also join language classes and cultural workshops or undertake work experience in the UK. For more information, please visit **www.coventry.ac.uk/cge**.

Global Leaders Programme

The Global Leaders Programme is an exciting extra-curricular option available to all students. It is designed to prepare you for the challenges of working in a global market and to help you develop key leadership skills.

The programme provides insight into how multinational organisations operate and how businesses function across different cultures. Workshops and interactive activities combine with site visits and guest lectures from high-profile business figures to give you important networking opportunities.

Please visit **www.coventry.ac.uk/glp** for more information.

Support for entrepreneurs

If your ambition is to become an entrepreneur or you have a business idea you need help with, you can use our expertise and facilities to develop your strategy and take your business to the next level.

Enterprise Hub

You will have access to our Enterprise Hub, a business space where you can meet with our experts and network with like-minded people.

Mentoring/business plan development

We can offer you one-to-one guidance and advice to help you shape and develop your ideas and prepare you to launch your business.

Access to funding

We have a range of programmes, grants and services that may help you to start or grow your enterprise.

Tier 1 (Graduate Entrepreneur) visa

We have an excellent track record for supporting our students to launch their own businesses. The Tier 1 (Graduate Entrepreneur) visa scheme is designed for non-EU graduates who have an outstanding business idea that they wish to put into practice in the UK. The number of visas available each year is limited, but if you have a genuine, credible and innovative business idea, Coventry University can offer you the required endorsement.

For more information visit our website

www.coventry.ac.uk/entrepreneursupport.

Global professional development

The University has teamed up with the Chartered management Institute (CMI) to launch an exciting scheme available to students on a number of our Master's courses.

The Global Professional Development module uses a variety of techniques to help students develop practical leadership skills and enable them to work on real problems with representatives from a range of organisations.

Students who successfully complete the module will gain two additional qualifications: a CMI Postgraduate Certificate in Strategic Leadership and Management and a CMI Award in Professional Consulting.

Students will also gain CMI student membership which includes access to online resources and career support, including a mentoring service where they can connect with and learn from other leaders.

For more information, please visit
www.coventry.ac.uk/globalprofdev

International student support

The well-being of our students is very important to us. We have a dedicated International Student Support Team who can help and advise you from the moment you consider studying with us.

Even before you arrive in the UK, the team can support you with any pre-arrival queries, including information on visas, immigration, finances, employment regulations, potential culture shock and post-study advice.

The team also provides a free meet-and-greet service for students arriving into Heathrow or Birmingham airports and organises an induction programme. They can assist you in enrolling onto your course and registering with a doctor, to help you to settle in quickly.

Many of the team have lived and studied abroad themselves so they understand the challenges you may experience. They will continue to support you with any non-academic queries you may have during your time at Coventry.

During the year, the team organises a variety of social events, including Saturday trips to historic destinations such as Cambridge, Bath and Windsor, or cities such as Cardiff and Liverpool. These are a great way to see more of the UK and to meet other international students.

For more information, you can email the team at **welfare.io@coventry.ac.uk** or visit **www.coventry.ac.uk/international/support**.

I was made to feel very comfortable by the International Office team and have been on trips to Paris, London and Birmingham.

Lakshmi Kukreja,
MSc Strategic Marketing, India

Student accommodation

Living in student accommodation is a great way to make friends and integrate quickly into university life. Most University-owned or managed accommodation is either on campus or very close to the University and city centre.

Our accommodation service, FutureLets, has a good range of comfortable, secure and reasonably-priced accommodation, which includes University-owned/managed accommodation and private lettings in Coventry.

Depending on your requirements, accommodation costs range from £97.50 to £210 per week.

Catered accommodation

Quadrant Hall is a few minutes' walk from campus while Priory Hall is located right next to University Square.

Self-catered accommodation

Singer Hall is a popular University-owned self-catered student village arranged in flats of five or six students.

Please visit **www.coventry.ac.uk/accommodation** for more information.

Singer Hall is a great place to live, especially for a first-year international student. It is close to the university campus and only a short walk from the city centre.

Soo Jin Yoo,
BA (Hons) Automotive Design, South Korea

Scholarships and discounts

We believe in rewarding academic excellence and welcoming outstanding students from around the world to our courses. This is why we have invested £1.5 million in a range of undergraduate and postgraduate scholarships* to help you with your tuition fees.

Our Elite Scholarships include:

- Future Global Leaders Scholarships
- International Dean's Excellence in Academia Scholarships
- Enterprise Award
- EU Academic Excellence Scholarships
- High Achievers Scholarships
- Coventry Academic Performance Scholarships

Full payment discount

We offer a 5% discount to students who pay their tuition fees in full either before or at the point of enrolment. This discount can be claimed on top of any scholarship received, up to a maximum combined amount of £2,000.

Please visit **www.coventry.ac.uk/cuscholarships** for a full list of scholarships, eligibility requirements and details of discounts.

The information on this page relates to our September 2017 intake and is provided as a guide only. Please check the website for up-to-date information. All scholarships are subject to eligibility requirements.

Coventry University London

Coventry University London offers a range of undergraduate and postgraduate courses, including MBA programmes, delivered at the heart of one of the most successful business and financial centres in the world.

By consulting with leading industry experts, we have created a suite of practical, business-related courses that are focused on preparing our students for successful international careers.

Why choose Coventry University London?

- 1. Guaranteed work placement* or work-related project opportunities** – you can develop your business skills through a range of work experience options.
- 2. Industry links** – our courses are developed in close partnership with employers and industry leaders to deliver the crucial skills businesses need.
- 3. Practical business application** – all of our courses are lively, interactive and relevant to the business world.
- 4. Opportunities in the heart of London** – our close proximity to some of the world's leading organisations gives you the opportunity to build links and networks that will help you to progress your career.
- 5. Entrepreneurial success** – we have an excellent track record for supporting a number of our international students to launch their businesses in the UK.

Please visit **www.coventry.ac.uk/london** for more information.

*Available on selected courses for students who meet eligibility requirements.

@covunilondon

Partner institutions

Coventry University partners with over 80 high-quality academic institutions from all over the world.

We work proudly together to make sure that all our graduates, wherever they study, have the skills and knowledge they need to achieve their life's ambitions.

You can study with our partners in two ways:

1. Start your studies at one of our international partners, and finish them in the UK with a progression course.
2. Study all of your Coventry University degree outside the UK with one of our partners.

On successful completion of your course, you will earn a Coventry University degree. So whatever your choice, we'll help make your aspiration a reality.

Find a list of our partner institutions around the world at **www.coventry.ac.uk/international/globalstudy**.

Next steps

We hope you like what you've read about us so far. Here's a quick summary of what makes Coventry University a forward-thinking, modern university with a global outlook.

- Modern University of the Year, The Times and Sunday Times Good University Guide 2014, 2015, 2016, Top New uni in Complete Uni Guide
- Ranked No. 12 UK University, Guardian University Guide 2018
- Ranked fifth best student city in the UK - QS Best Student Cities 2017
- Practical and dynamic approach to learning
- Employability infused in everything we do
- Focused on creating global graduates
- £1.5m invested in international scholarships
- Innovative and relevant courses
- State-of-the-art teaching, learning and research facilities

Contact us

Wherever you decide to study, we wish you the best for the future.

If you need any additional information, or have any queries, please call us on **+44 (0)24 7765 2152**.

Alternatively, you can find contact details for our offices in your region at **www.coventry.ac.uk/international/regions**.

You can also follow us on social media to stay in touch and see what our current students think about studying at Coventry.

Coventry University has given me career opportunities, independence, great facilities and the knowledge that I can go on and secure a bright future for myself.

Theelepan Sivakumar,
BSc (Hons) Computer Science, Denmark

How to apply

Applying to Coventry University is a quick and easy process and you will receive an initial decision within a week. If your application needs further assessment, for example by the academic faculty, it may take longer to process.

The International Office will need the following documents in order to make a decision on your application:

- All updated/complete academic transcripts
- Copies of degree/diploma certificates or work reference if employed
- One academic reference on letter-headed paper and signed by your referee
- Your English language test score (IELTS or equivalent)
- Your personal statement
- Copy of your current passport

European Union (EU) students

Undergraduate students from the EU must apply through **www.ucas.com**

Postgraduate students from the EU can apply online or by downloading an application form from our website.

International students

You can apply in any of the following ways:

- Complete an online application form on our website:
www.coventry.ac.uk/international/howtoapply
- Download an application form from our website and email it to:
applications.io@coventry.ac.uk (Coventry University)
londoncampus.io@coventry.ac.uk (Coventry University London)
- Through one of our local offices in Beijing (China), Jakarta (Indonesia), Nairobi (Kenya), Lagos (Nigeria), or Lahore (Pakistan).
